What's keeping you from being presumably you

is not combing your damn hair and wearing a

clean shirt every day lastly narcissists are

habitual liars who abuse the legal and psychiatric

system so only solution to Perps , Gang Stalkers ,

Cops , and everyone else is the silent treatment

and use the word "no" to the USSS and always

keep it with the fifth amendment always always ...

They habitually lie so you must plead the Five ...

You may have to divorce with a lawyer sometimes ...

Make your will on 5 or more servers and screw them

over in the mean time as well as serve them with

①

the Silent Treatment and the Fifth Amendment as

th  just pathetic liar ass kissers and that... #flushyourmeds Anti Psychiatry Movem...

I swear by the Fifth Amendment like any other Lawyer ...

Whenever they use cringe they are Ass Kissers FACT ...

He who uses a microwave to cook is in fact a microwave ...

He who watches five hours of TV is a Television ...

Voltaire said it best to learn who rules over you first

learn who you are not allowed to criticize - Zionist Jews ...

Everything in society is basically Uniform Commercial Code Life is shit , Ends in Civil Asset Forfeiture , Then You Die and become a Psychic Ghost , Rights Are Imaginary , The United States was a Corporation After the Act of 1871 and Congress Committed Treason and USA is owned by a 10x10 Parcel of Land called The District of Columbia , Everything gets logged your ID in Database Management Software and we have Commercial Law and Contract Law in UCC and every other Crime is a Commercial Bond , Someone stabs someone 250K , Homicide being 10 Million in a Bond being traded off ... You were not taught that in a Public School , the Sheeple watch too much Television and do not know that George Washington was only known for Treason as he was a fraud and just another politician , You really see Jewish Supremacy not White Supremacy that is why you cannot point out the Media Zionists or Mossad and that they did 9/11 and Sunk the USS Liberty ... We are taught the Fake 6 Million Holocaust in School and in reality the USSR of Russia aka Jewish Communism killed 100+ Million ... Also Martians and Zionist Jewish Supremacists Run Earth ... Martians Run this Earth Also ... We are the only planet with Plastic, Aluminum, and Sugar Foods. Earth is not like what is seen during astral projection ... This Propaganda is simply MKULTRA CIA Programming from TV ... Covid-19 is not real at all and the Vaccine Kills You ... Masks do not work at all and actually will Kill You ... Lastly several other vaccines made people autistic for MKULTRA ... So Fluoride in water whilst other countries Distill+Ozonate ... Distilled Water Fasting Cures Cancer Also ...

Another point to the treasonous plot of the Act of 1871 and the USA being a Corporation own by the 10x10 parcel of land called the District of Columbia is that King James the first was the predecessor along with the Spaniards who then founded the corporate Genocide land just as how Israel was stolen from Palestine by Jewish Supremacists. Note the KJV Holy Bible a Re-Written Bible that was used at the

time of King James , Emperor Constantine another predecessor , So basically it's all just a scam , you can never truly own a fucking car or a house or anything over 12K and you can only truly own a fucking Computer and that is basically it Period. Some guy in London owns all that shit and when you die it's just like civil asset forfeiture as you are only holding on to what you publish to Public Domain. You see the sheeple love fluoride in their water, vaccines, psychiatric drugs, chemtrails, fast food, Added chemicals in their food to drug them and make them more Docile and Pliable ...

So your only holding on to things, your will never actually meant shit, and when you die you are just psychic ghost as god is not real and religion was just another Martian and Jewish PSYOP ...

C. ^① Asset Forfeiture for possession of a burnt marijuana pipe that is America whether you like it or not, and the brainwashed Generation of Boomer/X/Y/Z is all done and finished after the Devil Box. I am just giving you a

we call about your imaginary rights and that you should always use the fifth amendment and the silent treatment to all Habitual Liars aka Governments who power-trip over slight etiquette issues ... You are only holding on to property and fake rights you don't have ...

They create fake paranormal through Telepathy and Computers so ignore it.

However, we do become Psychic Ghosts after death happens (Human-Like-Form).

There is no technology available to detect static thermal visual audio surveillance through embedded Nix-Like Machines that the Government Mafia of Zionists and Communists uses ...

You think of an embedded Linux Machine on NOVA or Sparc that is the Government Mafia ...

The embedded shielded computers of the Government Mafia work fast like an MP3 Player and are for one purpose to secretly record through static thermal visual audio surveillance of useless eaters.

We know that the DOD/CIA/NSA/DIA all run Shielded Nova Embedded CPU Architecture and that there is Thermal/Static Imaging of Every American Household in the United States of America. The Secret Government Mafia is Liberal/Zionist/Communist/Jewish Supremacist ... They Covertly Engineer American Society and also use Ultrasonic and Infrasonic Beams which can only be stopped with a Vacuum. NSA Signals Intelligence can be stopped partly by Disabling Intels Management Engine and Bluetooth in BIOS as well as using

Linux/FreeBSD/Minix/RedoxOS/OpenBSD/NetBSD/Other OS and we know the Common OSes Mac OS, Android, Windows to be all Back-Doored even at the HW Level, so even a Luddite in a log cabin is susceptible to Static Thermal Audio Video Surveillance which then goes to an Embedded Shielded Nova Computer, This Static Thermal Video and audio is classified and not even a Shortwave Radio can detect it, they want harsher punishments on the Mentally Ill, they want all hospitals to be like Jail Cells, they the CPU to be only based on Windows, Android, Google, Mac OS as they put UEFI and Secure Boot there in the New BIOS which was just called a CMOS back in the 80's so before the BIOS instant Boot. Before the Subnet Masking of /24 255 we had IMP's connected to Mainframes. Now you know we are just an idiocracy where everyone is recorded on to an Embedded Classified Shielded Nova System through Static Thermal Visual Audio Surveillance for the Secret Communist Government. Why would Bill Gates force users on UEFI and More RAM? Globalism and Total Control of Surplus Population – Simple for a Pliable Mass ...

We know the Mossad Put a Back-door in Intels Management Engine through Minix Microkernel ...

Disabling it in the BIOS and Switching to Linux is the Best thing to prevent Remote Flashing ...

Exposing the Jewish Crime Network for their Sodomy. (Pedo Fags) ...The Four Fags of the Freemasons are AIPAC , The ADL , The Southern Poverty Law Center , and The Mossad ...

The USSR / Psychiatry 100 Million Russian Genocide was started by Jews such as Karl Marx ... 95% of Government is Freemasonry and Religious Cults. 95% of Televised MSM and Radio is Jewish Supremacist and Zionist Based even Shortwave

... Bill Cosby was a Freemason , lost everything civil asset forfeiture ... Harvey Weinstein of Hollywood started a Jewish Torture Porn Movie promoting the Holocaust Holohoax Myth ... Everything Hollywood is a Promotion of Degeneracy by Scientologists, Zionists, and Jews ... Jewish Run Banks Always Consist of Usury and Deprecated Software ... Mafias are Jewish Not Italian aka Murder Incorporated and think Matzo

Balls not Meat Balls... A Bean Counter on Windows 98 Breaking Bad ... Viacom and Time Warner Cable f4f4f4f4f4f4 are Jewish Owned and Run... Both Democrats Media People and Republicans have gone to AIPAC ... AIPAC is also part of Israels Lobby to Steal more of Palestine ... The New York Times was started by Eight Jewish Supremacists ...Hollywood=Degeneracy=Jew=Sodomy=Pedo=Zionism=Scientology ...

Harvey Weinstein was a Pedophile and a Jew just like Leo Frank and Tom Hanks ... HW was an admitted Pro Jew Pro Holocaust Education Pro Israel Shill for the Hollywood Media Conglomerates/Degenerates ... Karl Marx had Jewish Parents and was Born and Raised as a Jew and was also Circumcised by a Rabbi not a Gomco Clamp but by a Rabbi so He

Must Be a FUCKING JEW Note: Jews all see a Rabbi ...

Israels Lobby is so big they even use Delta Forces such as the Mossad to get their shit done and to do false flag Terrorist Attacks such as 9/11 , The London Bus Bombings, The Oklahoma City Bombing (2 Mossad Agents) , The Sinking of the USS Liberty , Ever wondered why every Craft cheese product or Oscar Meyer container had a circle K or Circle U on the Package ... It's because Jewish Supremacists Run The show and they even

put dead children in our fast food burger meats and we are domestic terrorists if we ever hunt for free range meat that is not hybridized or genetically modified , ever wondered the shame you get for buying a can of sardines , they do not want us eat non-hybridized free range meat , because they know the Corn Starch , Salt , Sugar , Flour , and other toxic

ingredients in the food and starches will just make us Docile, Servile, Pliable, and Stupid, Even Distilling and Ozonating your water and detoxing through water only fasting can make you a KST Government Watchlist Known Suspected Terrorist Threat ...

Disinformation - Hegelian Dialectic is to Divide and Conquer ...

The Talmud is an Anti European Plot to Cause Wars and Hegelian Dialectic where Democrats/Republicans/All Groups are at war with each other and only people in rarefied company on the right side of history will actually get it and understand it ...

Hanukkah is an Anti European Holiday celebrating the Death of European Heritage ...

The TV, Hollywood, Mainstream Media, Radio, Porn are all Jewish Dominated Outlets of Demoralizing Propaganda to Divide us into Riots and War ...

The Cognitive Dissonance and Brainwashing and Propaganda is all Started by Communist Zionist Jews and Martians who get off to the suffering, conflict, and misery of others and use wild Goyim and Humans as Sex Slaves, The Talmud is an Anti White Anti European Anti American Book of Corruption for Mass USURY ...

All Jews commit Usury and own all of the Important Banks, All this Propaganda is Demoralizing Bull Shit and Martians and Jewish Supremacist Zionist Communist Marxists are Pushing the Anti White Anti European Pro Israel Agenda, The Holocaust was a Hoax with No Documents, Jews Started Open Borders and Communism/Marxism/Zionism/Bolshevism so Why should we trust these Jewish Supremacists and Martians who use Normal Goyim and Humans as Sex Slaves, Not To Mention, Jews Started the Porn Industry and Hollywood and the Music Industry ...

Why should I waste my time with people that think Newscorp is the only Corporation that is not one of the Six Jewish Owned Companies, Democrats and Republicans are Both Jewish Zionist Controlled and Two Sides of the Same Bird ...

Why should I support the Troops or Zionism or Israel or Read Their Talmud ...

It's that simple Martians and Jewish Supremacists want wars and World Conflict ...

The Federal Reserve is Jewish Owned bank and Ron Paul says they inflate our money and commit Mass Usury ... The Victors Lied about Adolf Hitler in our History Books, What Hitler did to fix the German

Economy was to print their own money supply and Hitler turned Germany into a Wealthy Prosperous Power House in only Three Years ...

America did not win the Revolutionary War with the British and The United States was a Corporation after the Act of 1871, King James made America a British Crown Colony, George Washington Overflow the Organic Constitution and Committed Treason ... The Founding Fathers were Freemasons and Freemasonry is Albert Pike Jewish Kabbalah ... You are a slave to Uniform Commercial Code and you always have been a slave ... The Act of 1871 made the Constitution no longer valid and changed it form "For" to "Of" ... Jews are the Synagogue of Satan. Jews declared war on Germany on March 24, 1933. Way before Hitler did any of these things the lying Jews say he did. Read the transfer agreement act of Haavara. Hitler did what the Jews wanted, and was glad to be rid of them. He did not kill them. He put them on trains and sent them to the middle east. That was his side of the agreement. The Jews could not claim a country without people there to claim it. Jews have been lying for so long that even they believe their own lies. Hitler was a good man. Germany was mostly Christian. Germans were good people. Jews were not ...

Eighty Twenty

I have brain damage from psych meds, so I am doing my best ... It's not the Illuminati , It's the Communist Zionist Jews End of Story ...

Jews run all the banks and the World Economy, Hollywood, Porn, MSM ...

Eighty Twenty where Twenty is Disinformation, Docoys, Propaganda

What is the Eighty : That Vaccines Cause Brain Damage, That Psychiatric Drugs are Poison, that the Covid-19 Vaccine is not Necessary and Vaccines are not Necessary and should not be mandated and there is no reason to take any vaccine of any kind ...

That Both Political Parties were for Open Borders and Two Sides of the Same Coin and Donald Trump was the only guy to build a wall when Zionist Marxist Jews were the first people to keep the border open and import Jewish Marxist Extremists ...

That Masks do not work against a Fake Covid-19, that the PCR test is a Fraud ...

Now what is the Twenty that is the Lie : Support for big pharma saying distilled water is dangerous, support for Genocide of Palestine and Zionism and Open Borders and Israel and Communism/Marxism/Other ... Pro Zionist Israel Types and Black OPS MKULTRA Types ... The Pushing of Holocaust Education by B'nai B'rith ... The 20 is saying

CIA/NSA/FBI/FEMA/DHS/DOD/INQTEL/MOSSAD are not shell companies or Cabals and the Black OPS are the Good Guys that kind of BS ...

All the Crap written by the Victors in History Books, when Adolf Hitler actually fixed the German Economy within three years by printing their own money supply ...

Freemasonry is Albert Pike Jewish Kabbalah is is a Part of Zionism and the Government Jewish Mafia ... People in the Media who read the Talmud ...

I never watch any Television , because Six Companies all Jewish Own the Thing ...

There is a Mass Jewish Supremacy and the B'nai B'rith and ADL and SPLC clearly show this All the Propaganda and PSYOPS is just a distraction, you never see anyone exposing anything in the Press, because the Jews Run It Period End of Story ...

How Slavery Starts

All Slavery Starts with Uniform Commercial Code and Fema Camps ...

Scott
Barry

**All Slavery Starts with Uniform Commercial Code and FEMA Camps ...
With Rampant Jewish Supremacist Communism and we know that
Jews started Communism and Psychiatry and Globalism in general ...
Use your Miranda Rights on all Narcissists as they are Probably Freemasons,
Paid Informants, Cops, your family is also involved in taking your rights for Profit ...**

All you have is your Miranda Right to "Remain Silent" or Amendment Number Five ...
 "I am invoking my right to remain silent and refuse to answer any further questions..."
 Works every god damn time and of course "no" to the USSS Secret Service and PIS ...
 Anybody in a white lab coat wearing ray-bands, just say "no" in a do-whilst-loop ...
 Your So-Called Rights are a Carefully Crafted Illusion and America is A CORPORATION IN
 ALL CAPITAL LETTERS ... The Constitution was modified from "for" to "of" the United
 States of America after the Act of 1871 made USA a CORPORATION ...
 Jews run Hollywood, Porn, the Mainstream Media, 6 Inc which is :
 GE, VIACOM, TIME WARNER, NEWSCORP, CBS, WALT DISNEY ...
 The ignorant do not know that all the CEOs are Ashkenazi Jewish People ...
 These ROM NO BIOS Computers of Uniform Commercial Code use ALL CAPITAL
 LETTERS AND FIBER OPTIC NETWORKS TO ENSLAVE US ALL TO THE JEWISH
 GOVERNMENT FREE-MASONIC PATSY MAFIA / JEW CARTEL ...
 THEY MONITOR ALL OF US IN OUR HOMES THROUGH STATIC THERMAL
 SURVEILLANCE THE GOVERNMENT JEWISH MAFIA AND THERE IS NO
 DETECTION EQUIPMENT AVAILABLE TO THE PUBLIC TO DETECT IT NOT EVEN A
 SHORTWAVE RADIO OR DIGITAL VOICE RECORDER WILL WORK ...
 DOIDES 1n4007 WILL NOT DETECT IT AS AN OBVIOUS NOTE FUTILITY ...
 THEIR PROCESSOR ARCHITECTURES ARE NOT THE COMMON TEN AND ARE
 CLASSIFIED AND A TRADE SECRET THAT ONLY INTELLIGENCE AGENCIES AKA
 THE GOVERNMENT COMMUNIST MAFIA KNOWS ABOUT ...
 Most Paranoids Run Linux on Ventoy / RAM DISK and NEVER INSTALL THE OS ...
 Uniform Commercial Code has Nine Titles in it consisting of Commercial Law and Contract
 Law, it is how all business operate and is very bare bones of all Enslavement and Cestui Que

 Look at what Civilians have as Processor Architectures in their Computers :
 x86_x64 , i686 32 Bit , Mips , Arm , Spark , IA32 , 386 , 486 , 186 , 286
 Those 10 Processor Architectures that Civilians use are Shipped within the USA and are
 Back-doored by Law Enforcement , National Security , Intelligence Agencies , and the Jewish
 Based Government Mafia , They are Back-doored at the Hardware and Firmware Level ,
 Intel Management Engine has a MINIX BSD Non-Copyleft Back-door in it and Linux is
 supposed to be Copyleft whilst BSD is Copyright Richard Stallman founder of POSIX pointed
 that out in a lecture ... BSD uses Proprietary Compiler Clang Compiler which now in 2020
 AD Age of Ouroboros GCC Compile of Linux is Several Times more Efficient and Faster than
 Clang Compiler of BSD, BSD is also behind on Patching Major Security Bugs by Several
 Years and is the Core of Mac OS Operating System , which makes Mac OS and iOS a new
 Security Concern ...
 The Government uses a Special Processor Architecture that is not any of the Ten Common
 Ones shipped within the United States to Civilians ... There Processor Architectures such as
 Nova of the Department of Defense are Classified and not available to the General Public ,
 The Old Commodore 64 Booted Instantly without BIOS ... Their Computers for Uniform
 Commercial Code are Single ROM just like the Commodore 64, Some are Embedded, Some
 are Virtualized, they communicate with Linux Servers and are all part of Database
 Management Software and your Enslavement to the Cestui Que Vie Slave Plantation System
 ... Signals Intelligence can tamper with a Common Civilians BIOS through the Power Grid
 without notice ... NSA Signals Intelligence has us by the Balls, Pfsense and Iptables are just

not good enough, so if you're on Linux they still have Iptables back-doored by the Central Intelligence Agency and any script kiddie can take advantage of Iptables Exploits as well as it is now declassified and the code for exploiting Iptables/Linux is Public Domain ...

Minix or Microkernel takes the Approach of Sound Card Drivers on RAM Disk whilst other people concerned of Ultrasonic Tracking will just use Eset Rescue Disk on Ventoy as it has no Sound Card Drivers in the Operating System, I don't even install Operating Systems, I run them on RAM DISK and use Ventoy found on Ventoy*net ...

The New 2020 Linux and GCC Compiler is better than ever and does not kernel panic on USB Mounts , unlike Clang Compiler of FreeBSD, OpenBSD, NetBSD ...

Linux / GNU is Open Source and Truly Copyleft and uses GCC Compiler which now in 2020 AD surpassed the Performance and Efficiency of Clang Compiler or BSD ...

Richard Stallman Claims BSD to be a Propriety Licence which is a Security Concern ...

On the other hand GNU / Linux is Copyleft and uses Mostly GCC Compiler Not Clang ...

We can conclude Cestui Que Vie of 1666 AD is the start of your Enslavement ...

Uniform Commercial Code is Slavery and Slavery is Uniform Commercial Code ...

In order to have Communism or a Dictatorship of Despotism you must first modify the UCC or Uniform Commercial Code of that Country ... To have a Stasis ...

Mafia is actually a Jewish Term and Murder Inc and the Mossad are Shell Company Mafias ... When you think Mafia think Matzo Balls not Spaghetti and Meat Balls ...

The B'nai B'rith is a Secret All Jew Society of the ADL that pushes the Holocaust Program and Fake History written by the Victors about Hitler when Adolf Hitler actually Fixed Germany's Banking Debt by Printing Their Own Money Supply and Turned Germany into a Prosperous Wealthy Power House in only Three Years ...

The Six Million Lie is nothing compared to Jewish Marxism and Jewish Communism, Karl Marx was a Jew, Lenin was a Jew, and Stalin was a Jew, they killed 100+ Million People in the name of Jewish Communism end of argument and only people of rarefied company will actually get and understand real actual WWII Historical Events ... Now We know our Founding Fathers to actually be frauds, the Constitution was changed from FOR to OF "The United States" after the Act of 1871 which makes USA America A CORPORATION IN ALL CAPITALS owned solely by the District of Columbia, George Washington Overthrew the Organic Constitution and Re-instated the Virginia Colony Crown Corporation, we never actually won the American Revolutionary war and it was a Free-masonic back-door deal ...

King James committed Treason as well as George Washington and The United State has always been and still is a British Crown Colony based on London, The Vatican, and The District of Columbia, The Holocaust is actually a Hoax written by the Victors that has no real actual Documented Evidence and Hitler was a man who did not commit any treason, but fixed the banking debts and turned Germany into a Wealthy Prosperous Power House End of Story ...

DOI # : 10.0666/0666

We know Organized Religion to be a Fairy Tale for Retarded Adults and that God is Imaginary and Heaven / Hell are Imaginary Places so we will brush that aside ...

The real people controlling the Internet and World Economy and all information are called Zionists and Jews ... The ADL controls and censors the Internet even P2P ...

Now let's get into the Crux of the Matter, you will not find this from a regular ordinary surface web source so this information is not for pussies or the faint of heart ...

This is Peer2Peer Dark Web Watch-list Material and What the ADL and Religious Cults of the World all based on Martians and Jews Do not ever want you knowing of in your lifetime ... Sort of like an Overunity Crystal Battery they do not want you building or an Earth Battery or One Time Pad Randomized Encryption

AZ010SPRANDOM3 ...

Alright lets get to it, all telepathic people who remote view things already know that after a human passes away and dies they become a Psychic Ghost that is Telepathic ...

These Psychic Ghosts all know our future all the way to the Point when we Die ...

After you're a Human you're a Psychic Ghost , then after that 10 other Human Like Non Material Beings ...

Psychic Ghosts are Human Like and do materialize into human figures with Modern Clothing, Genitals and all their human body parts, they read our minds and know everything about us and when exactly we will die ...

So we live in this Corporate America a British Crown Colony, your rights are imaginary and all you really have is privileges ... In reality the Victors right all our History Books, Adolf Hitler actually got Germany out of Poverty and a Banking Debt in only 3 years and the so-called Holocaust there are just no real actual documents for 6 Million less Jews when we know Jews to be the founders of Communism, Psychiatry, Marxism, Bolshevism, and the rise of the USSR which crippled Bank Systems Globally. Get to feel comfortable with societies mass cognitive dissonance and brainwashing, King James made America a British Crown Colony Period, end of argument. Russia is still a Zionist Country based on the 30 Billion Chabad Deal ...

George Washington was only rightfully known for treason and is not a hero but a mere Albert Pike Freemason and Politician, the founding fathers were actually frauds and the Act of 1871 sold of Americas Constitution form For to OF now we are a Corporation in ALL CAPITAL LETTERS ...

Getting to see the Picture, Jews Started Porn, Sports, MSM, Hollywood and the nine yards to keep us all distracted, The biggest problem with MKULTRA COINTELPRO FBI CIA Society now is they are all fucking brainwashed and it is only people of rarefied company that actually get it, that Zionist Jews are the real threat to Americas Borders, Trade, Economy, and Corporation which is what America Actually is ...

These telepathic ghosts have all told me that Plastic only exists in this sub-space as an infertility eugenics tool and that other dimensions do not have Refine Sugar, Flour, Plastic, Computers, LEDs, Aluminum, Fluoride, Silica Gel, Vinyl, Teflon, Silicon/Silicone , Vegetable Oils , Olive Oil , Gluten , Soy , Lead , Hydrocarbons ...

We are the only dimension with all of those Satanic Toxic Ingredients , also Martians started Organized Religion to control primitive man, God is Imaginary, Satan Heaven Hell, all not real and when you die you're actually just a Psychic Telepathic Ghost ... All that time in school spoon fed Holohoax/Holocaust Guilt about 6M Jews and other Propaganda Crap written by the Victors, this society is about Brainwashing, Profits, and Mind Control AKA MKULTRA ... The B'nai B'rith Secret Society of the ADL is there to push this Orwellian Holohoax/Holocaust Program for more Marxist Communism and Zionism ... Seeing the Big Picture, we are owned slaves by our Birth Certificate and the system known as Uniform Commercial Code or UCC which consists of Commerce Law and Contract Law ... All the Database Management Software on Linux Servers owns and controls every aspect of your retarded life and these assholes will work you non stop in their human trafficking sweatshop ...

It's time to wake up people, you are a slave, you never were ever free, this is the truth that Charles Manson a falsely convicted so-called killed who never killed anyone warned us about ... The ADL is a Defamation League and they do not want organizations like Air Trees Water Animals to thrive in our society same with GNU / Linux and the BDS Movement all on their special Patriot Act list of Bad Goyim ...

I am fine to be a Bad Goyim , at least I can expose these fuckers for the Con-Artists, Frauds, Fakes, Shills, and Lairs and Mossad NSA Viasat Shills that they actually are ...

Kernel Comparison

FreeBSD vs Linux vs Minix

Scott
Barry

Minix is the least LoC , easily the most stable one and uses Ram Disk on a Do While Loop to run it's own drivers including the Sound Card Drivers ...

FreeBSD of Clang Compiler is the most LoC, the least stable and gives you the Beep of Death ...

Linux is in between Minix and FreeBSD on LoC and is by far the most fully featured one and they make it so easy to spoof the Mac Address on this one ...

Linux uses GCC Compiler and generally has less software bugs and Mounts/Unmounts USB without the Kernel Panics or Beep of death that Clang Compiler FreeBSD has ...
GCC Is Currently Faster Than LLVM's Clang At Compiling The Linux Kernel
So Linux of GCC Compiler is the clear winner also Clang Compiler FreeBSD has More LoC , takes longer to load programs , gives you the BEEP of death Kernel Panic when rapidly mounting USB Drives , Benchmarks from Phronix clearly show GCC is better than Clang and FreeBSD is still lacking also many CVE security vulnerabilities still remained unpatched after several months with BSD ...
Minix being the most stable one is also not as user friendly as Linux to set up ...
So Linux will be middle ground to FreeBSD and Minix ...
Minix = Least LoC = Sound Card Drivers on Ram Disk = Do While Loop for Drivers ...
We still are using Hybrid Kernel Windows on most Government Machines ...
One other thing that gets me is IPtables CVE Flaws in Linux , Minix has Pfsense for that same reason, Minix being the clear winner, Redox OS is just Experimental ...
I just want convenience, I'll go with Gentoo Linux, can go in to network settings, Set a DNS and Mac Address or Random Mac Address, the only good security audit I know of is to chmod -R 000 su sudo sudoedit gksudo and doas and that will work to stop any remote root attempts at hacking the system ...
You then type : su / date | base64 / passwd root usr and include the "=" sign in passwd ...
So now the Newer Releases of Linux's GCC are now more efficient than Clang why would I bother with a Buggy FreeBSD system that kernel panics when rapidly mounting drives, the sound manager crashes, ZFS/UFS are not as stable and often are prone to corruption, I have easily lost data on UFS/ZFS and never on ext4 / reiser / fat32 / ntfs ...
As biased as that sounds I still think I have the first amendment to say that ...
Commies still run Big Tech and Censor even Superficial Things such as that ...
If I just want Lame MP3 out of the box in FFMPEG I go with Gentoo Linux ...
The New GhostBSD requires 4+ GB of Ram and so many BSD users are on suckless or Rat Poison Desktop for that same reason ... So it's all a matter of preference ...
For instance I do not always pay for Internet, I crack it with f4f4f4f4f4f4 Spoofed Mac Address and a special spot ... To do this effectively I need Linux or a Linux Distro ...
I could compile a BSD Distro , I just don't feel the need to do so ...
There are so many Linux Distros then there is Nomad BSD, PC BSD, Desktop BSD, and Ghost BSD, and when it comes down to it Calculate Linux , Manjaro Linux, Puppy Linux, Slitaz Linux, Kubuntu Linux, Artix Linux, Trisquel are the only good ethical Linux Distros I will stick to that can what : Spoof the Mac Address to crack WiFi and get me Online ...
Based on my budget I can only afford : IBM Lenovo : T400/T420/T61/T60/X200/X201 MSI Wind / Dell Inspiron 11 / Intel NUC Mini PC \$100 / Eee PC 900A/1005HAB ...
For a Music Player I use a crappy Sony ICD-PX470/370 and Sennheiser HD1's ...
FreeBSD is also a Proprietary Licence , Linux and GNU are Official Copyleft ...
Minix is BSD so it is also a Proprietary Licence , also Berkeley is Jewish , Jewish Means Proprietary in so many ways ... Pardon my Political Incorrectness ...
Richard Stallman of GNU / Linux openly is against making Israel a Nation State and is for Free Palestine and the BDS Boycott Movement of Puma and other Companies ...
Richard Stallman is an alt Jew and non-zionist Jew, other Jews you will find are Country Clubbers and Zionists aka Globalists and we know it's a Jew World Order ...

Hitler actually got Germany out of a Banking Debt and printed their own money supply so everything taught by the Victors in history is all BS including the Holocaust Myth ...
When will this shit ever end, the Jews have taken over every part of Computers ...
A BSD licence is Proprietary a GNU is NOT and is Actually Copyleft ...
Minix and FreeBSD are both BSD and Proprietary ...
Then they go as far as to backdoor a Minix CPU called x86x64 or 32 and 64 Bit ...
This includes all major Intel and AMD systems are Back-doored and hackable ...
So many say : If you are not on arm or mips you are doing it wrong (makes sense) ...
I think that is about it for this senseless ramble Linux is clearly Copyleft Derp Derp ...

*** Mac Address Spoofing ***

DOI # : 10.3391/1933

Mac Address Spoofing is one of the most basic safeguards against Network Attacks. It's built into the Network Manager of most Linux Distros, however the BSD Distros GhostBSD, NomadBSD, and DesktopBSD all usually require The Terminal and using The Terminal is not a way to assure you have a Changed Mac Address, you could type ifconfig, however seeing it in the Network Manager guarantees that you have Changed Your Mac Address. Most Common Vector ... Magic Mac Address: f4:f4:f4:f4:f4:f4/Random with 45.60.1.1 DNS Windows, Mac OS, Calculate Linux, Kubuntu, Manjaro, Trisquel, all have an option for Mac Address Spoofing in the Network Manager for Random or f4f4f4f4f4f4 ... IPTables is back-doored Pfsense might also have flaws, so the best thing is to assure that I have Spoofed My Mac Address ... So far this can be done in Newer Android, Calculate Linux, Manjaro, Kubuntu, Windows, and Mac OS ... We know so far that Tor and I2P have compromised nodes and that VPN's are being owned more and more to be less private, so the only good option there is an SSH-Tunnel ... It is just obvious to know that if I'm not on Brave or on a Deprecated Web Browser I will have Browser Click Jacking ... Same goes with some Computer BIOSes being Deprecated and out of date on their firmware ... Run the OS on RAM DISK ... With the option of convenient Mac Address Spoofing I can assure I get less Network Attacks and no one has my Real Mac Address, this is more important than anything else, a FreeBSD system with no Mac Address Spoofing is kind of pointless, having Mac Address Spoofing must be the only way to have little to no Network Attacks ... No Systemd or XCB is good ... Unblock Origin/Privacy Badger/ and Brave/Chromium are the most common setups I have ever seen

and getting All Average Numbers for the sake of just getting shit done ...

The Libertarian and Non-Partisan Principle is simply "I want to be left the F* Alone ..." The Democrats and Republicans are Two Sides of the Same Jewish Supremacist Zionist Coin and a SCAM ... This applies to Euthanasia and Death With Dignity as well in this Principle ... Suicide Laws are Post Modern Communist Laws involving mass Psychiatric Reprisal who want to end their pain and suffering of being Stalked/Harassed by the Free-masonic Governments and Sheriff's Departments aka Local Governments ... This is called Organized Stalking or Gang Stalking and anyone can be placed on a Government Watchlist ESP after the Patriot Act and FISA 702 ... These Jewish kabbalah Freemasonic Albert Pike's are all Steroid Abusers and they stalk and harass us Targeted Individuals labeling us Schizophrenics when we are not and Psychiatry is Quackery, a Pseudoscience, a Fraud/Scam ... Paid Informants and Government People COPS are all stalkers who push people to suicide so why is there even a law on suicide ... It's an irrational retarded idea to make suicide against the law and forcibly commit someone to a 5150 Hold ... Because of our society we have dogma, a God Myth, Organized Religion, Cults all over the USA, also would note that it should be a basic human right to want to be permanently left alone and that is to suicide oneself, because when you're dead you are permanently left alone, God is not Real and at best you are just a Psychic Telepathic Ghost that floats around and shit ... No one religion knows exactly what happens when we die and there is more scientific evidence disproving events and finding contradictions in all Religious Texts including The Bible, The Talmud, The Egyptian Book of the Dead, and Islamic**

Texts ... Science has proven religion an god to be plain fairy tales for retarded adults, reason for retarded anti-suicide-laws ... Same goes with Europe basically curing cancer with Ozone/Oxygen/Alt Therapies and in USA we still use Chemotherapy, Europe Ozonates its own water and has cleaner water, Europe had a successful comet landing and NASA is under a tight budget, you see the picture, Let people be left the F* alone really is a better idea and we would have less crime, less criminals, more gun rights, less terrorism, cleaner roads, Mental Hospitals would not be crowded, and so on and so forth, These Martian Jews Do Not Want Any of That ... Telepathic and Jewish Martians have destroyed this planet earth just like how they have destroyed mars and we let this shit happen and it gets worse, all we do is build up Israels Lobby so they have less of Palestine and people in the USA cannot be left alone because there is a senseless irrational outdate law on the right to Euthanasia, Suicide, and Death With Dignity, a way to be permanently left alone and for good ... Martians just created Dogmatic Religions to Control Mankind and Hinder all of our Societal Progress ... This is why The USA is actually a Corporation after the Act of 1871 and rights are imaginary and fake so the real history is never taught in a Public School ...**

With other New Age Bull Shit about Heaven, Hell, Satan, God, and Religion aside we know The Bible to be all Bull Shit that has been Scientifically Dis-proven ... Some Atheists say that there is no Afterlife, whilst others say that no one really knows where consciousness goes after you die and that you are simply recycled ... I was told by V2K Broadcasts (microwave/ultrasonic) (basically gang stalking) and these so-called Psychic Telepathic People that as soon as Humans die they become Psychic Ghosts who are Telepathic and even can see into the Future all the way to the point where a Person Dies and know every single thing about us ...

That Psychic Ghosts appear human-like in form and also have Male and Female Genitals , they may hum at 43.5 Hz when not fully materialized ...

Being one after Human Death is Psychic Telepathic Human-like Ghost , Beings 2 , 3 , 4 , 5 , 6 , 7 , 8 , 9 , 10 are all unknown and you have to ask a Psychic Ghost or another Telepathic Person who can do Remote Viewing Things and tell you exactly what happens ...

There is no evidence for any of this it's only been told from person to person via telepathy that As soon as humans die they become Psychic Ghost then after that various other Psychic and Telepathic Beings that know all about us and can see into the future and know exactly how we are gonna die and when we are gonna die ... Keep in mind The Internet is controlled by Zionist Jewish Supremacists and Globalists/Martians ...

Gang Stalking is Run by Sheriffs Department

DOI : 10.1002/1002

by Scott A. Barry

**Anti Psychiatry Exposing the Zersetzung Communist/Liberal Governmnet and Jewish
Supremacy And The Mossad**

**All right so usually I make videos in a different room of mine but I'm painting that room right
now. 12 the comments of some 1 or both because this person is the victim of gang stalking and
I'm gonna give you a very descriptive definition and what the origin of it does isn't such**

because it's hard to get information on that there's a reason that it is hard to get information on that is because it is run by sheriff's department and actually funded by government agencies also do this 24/7 surveillance. It started out against the people they suspected terrorism or somebody's missing anything. Husband has killed the wife or something they can surveil them and do different things but this is different because they're specifically psychologically targeting people to break them down and it actually brings a lot of people harm and some people commit suicide from that so I'm going to go through with this man that had a video on it he was really concerned I felt horrible for him is mine's going all directions and things so what I did is I left a comment. For him but I thought horrible for him so I'll be able to give him the proper information. Through this because for some people it's really hard I was looking. People that actually do it well by one person. So I'm gonna read what I had left for him. In the comments section. Gang stalking is coordinated by the sheriff's department the confidential informant told me he was an informant and I never knew that this was a friend of mine you felt bad because he told me that I was placed on the list it's only because they put me on the list to be a targeted individual 24/7 surveillance after I turned in a 30. The confidential informant my friend told me they're only goal is to trigger you to get you to commit suicide after they stop you and isolate you. They will break in your house and even do things double your bills etcetera to also target so they can also carry your finances they're doing things systematically make you waste money fixing replacing and spending on things you shouldn't have to because there's things. My friend at the maison lives many of the masons there were on the list is stalking harassing people also but the most people that use of the confidential informants surveillance and other things for the. Police department. All bodies and different things like that but there's a difference between surveillance and harassment this they want you to know only one server ASEAN's like a logically come against you when they can get someone to finally commit suicide he said that they would throw parties and celebrate that like it was a big joke. It wasn't as bad for me because I knew what was going on since my friend has thankfully me off what was occurring and the sheriff's department to different individuals that we're doing this within one month of him telling me that I was on the list and that they were coming at me this phone and data from a diabetic thing he was 36 years old and his name was Josh. Coincidence. Your vehicle is the biggest single messed with they will do things that are check engine lights come on scratch the vehicles constantly break things that you just said repair put like small little cuts in the upholstery or on the - and little things you know cut with a razor like on your radio and plastic and things like that. One thing they love doing to my vehicle was cutting the steering wheel with nice I'm going to the store and come out and go to turn my wheel and then you have come up there is on the wheels they can let me know that the broken my car's messed with me and I guess well police reports on this isn't something weird is that document and stuff and I did that even knowing law enforcement and and their informants and different people involved in this program we're doing that but just to get a document but I knew it was going to work it is funny to me when I call in to document this and they they also killed my children I was a lucky ages and many other things broken in my house there's lots of things but I would call to file a report just get it documented and you know it would take like 6:00 hours for anyone to show up and it's not because I was waiting on the list so it takes just a super long time in the show only those like weapons like a. Working to get a cop and you know it wouldn't go anywhere I think that at 1.. I can't remember if the animals killed or what but you know I want to show that there's a little bit of an escalation there I I think that's one of the kill the

animals and stuff. I probably supports the new law enforcement. I'm going where global. Even when I put all the records they weren't even busy I just thought about that this last at least I would say at least 6 or 7 tires motorcycle tires do different things if I parked my car in the parking ramp and go downtown stuff and leave it there this is something I would come back and not only with my battery B. yeah they would actually kill a battery drain the battery but then they went on the battery cables from the battery to make it obvious that it wasn't just an accident you don't just leave the lights on no we actually drain your battery you know and the cables from the battery is pretty pathetic. Nancy they break in my house and let some of the parents of the cages so I come home and here's these clothes out cages and I've got animals running around the floor. You know I get put on surveillance cameras are they just break the cameras or come in the house and I had my daughter I was out of state 9 and some things that happened and I had to go back and look at the cameras and of course the deleted his entire like months of footage and you know with us in the camera medically when I went to one of the cameras 8. The girl in the bar. The US on more than one occasion and more than one a different girl does it approach in the bathroom in those people and tell them that they should stay away from me because of the violence and one person even told him that I was a child molester on an iPhone or anything you know but they're telling these lies slander your name how to get people to hate you so that way they're easier to manipulate it to if they want to use my hands you know they think they're actually doing a good thing for the community I would have conversations with people and everything was fine and then as soon as I was gone for a little bit go to the bathroom or whatever or go do something you know it wasn't uncommon that when I return to see them again or things like that yeah this is completely changed and that person wanted nothing to do with me any longer because those are the people that would talk to them about me one of the biggest schools will use family members against you too about what they'll do is if you talk about getting stuck in your survey on something they'll say like Hey we're we're you know we want to investigate this we know he's just you know delusion or demands it and you know the make up lies not trying to actually get your family members to be part of this come again soon the family members a lot of times loving care what you think you might be a little bit off because you're talking about these things and they're told to leave that there could be any bad cops are like weird people doing this and that's exactly was occurring. In order to get into in a second about this program because it's actually intended for one thing so even if you got a hold of some high level people said Hey I want to check this you know they're doing this and that to me then the council this line we are doing that we're using this program but it's because we have reports that he's been speaking to someone that has ties with high level gang members or you know a big drug dealer you know this only covers tracks. One of the biggest tools they use like my friends and how they use him as he was a confidential informant. Or the sheriff's department and that way those guys were already in place or any user balances already knew how to control buys it already knew how to all the other people are monitoring them while they were trying to extract information by drugs and do these different things. Easy for them because they already have the surveillance to surveil people for drugs and things like this the only difference is that is very secretive and quiet and you won't know this value whereas this is complete harassment and demonic and they want you to know that they're harassing you to psychologically get you to break down in harm yourself and commit suicide he said he only told me that I just he he told me that you know I'm worried about you this and that and these guys actually you know killed people had people you know these people kill themselves because it got so bad

that they took their own lives and then these people who laughed and high fived and actually have a card in there is actually funding for these things when they get together for doing such a good job and so I mean there. You know so like well let me give them a second. The sheriff's department is courting coordinating almost every part of it it was supposed to be used to track psychotic people are kind of files or actual stalkers you know violent people violent gang members suspected terrorist members people that come over here let's say someone came over from Iran obviously they're going to surveil you know if they have ties to terrorist organizations and things and that's all the surveillance they don't harass. So do the same type of surveillance but it's just not the harassment psychological part to get those people to try and harm those people still watch them my friends your support would even use gas and high levels of their homes while the people were in the homes sleeping and that was the same type of things that you'll like hostage situations I remember there was a case where there was one guy that grabbed the key and barricaded himself like under the ground in this little thing and when you went to sleep thing gases answered it and then they. Actually killed him you know he reached for his gun but those are the type of taxes they can use they can employ gas and things to not only disorient would actually put you to sleep and then and while you're actually a sleepy and that would be an easy way is that a hard time towards a person's electronics are encrypted computer systems and things where they need physical access those were the issues some of those types of law enforcement tactics. And then when he was telling me about like going into people's houses when they're sleeping and things like that and some of these different things they were doing he got real nervous and he just looked at me and his eyes were kind of standing on set he said that you know he could be the one that is targeted for telling me to do this before you talk to me too we're out in the country and he right away pulled the batteries out of our cell phones and we went to put them in the car and you know he wouldn't talk about anything until that was done so we went out there and always you know a little nervous it's only in the sold me but he looked really sad when he told me that he could himself be targeted or hurt for talking about that when you start when entering the holes is when people are sleeping and things like that is your balance within targeted individual consisted of law enforcement using the law enforcement tools to track their cell phones and GPS tracked the vehicles they use being raised for the cell phones to intercept all the texts in different things in that set up a lot of times close to the individual or they would know what different people they talked him into giving payments and things set up right in that area but the scenery we could intercepts everything GPS tracked the car's phones all that stuff and then also he said. As anti virus and stuff that was a great way for them to track different people through different. Users are using and everything to keep on top of every single that that was going in and out to know who they're talking to in this mass of Sony met somebody online and they're having a great conversation and meet up and also talk to again you know a lot of times they intervene on behalf of. Person and this is this is a legal process that's the problem with the process that they're doing they're not doing legal parts other you know they're not supposed to but they're not supposed to actually like. Racing's of yours like kill children's. That animals like minor. My steering wheel things that document please. The. So basically everything you know there's some weird way of this different surveillance tools in the ways that they copiers your phone and stuff is there here's everything you see there thank you they will go out the main goal was to isolate the person and introduce other fake people into their lives their snitches. Take control of their lives and manipulate those people. And to destroy their finances and bring them into a super depression. In certain ways and use

different tactics they would hope that they would then commit suicide if someone turns in a copper police brutality or somebody sleep with the cops and white center then they can be targeted by this program illegally let's see they'll see it's legal because like I said the make up an excuse all that person's been very violent you know we're worried about him he's a psychotic episodes blah blah blah so they will put him in that category well come up with a lie like you know we believe in investing because we think he knows this high level drug dealer things like that. They'll get false witness is alive or dead individuals they can put them on the list to be harassed it's a funded program in is pretty very sick individuals some of the civilian stalkers are actually thinking they're doing a great service to the public community. Bring lessons of the research so if it happens okay I'm on this and I want to talk to you we think we have a possible child molester here rate so could we use your house the place camera will give you some money and things but we just you know this would be the best way to. Going on. This call stupid people are. Some of the civilians that occurs actually thinking they're doing service for the public community once they know all of your schedule the approach people in areas you most likely go in those people think they're helping out the sheriff's department by relating information about you back to them and and going along with the program so basically like I go to the gym we'll talk to people in general like all you know we think this guy has drugs the girl and tries to have sex with underage people and and you know or whatever they want they he's like a lot so then these people are making like minimum wages other more than happy to get a few Bucks the sheriff's department by going along with these lies the money going to the gym they make sure that there's at least one or 2 different people to constantly monitor you you know I'm going to the gym while you're at the gym when you leave the gym things like that also work with the isolation. The pharmacy told me that the funds they provide cast even gift cards so they cut a check you know in his case he uses drug addict and a lot of times these you know they give them actually like his buddies would give him drugs you know because they have full access to the whole shares of common things is pretty sick. You know that would be because they're best friends and you know this isn't legal it's not on the books you know but you know these things would be on the side you know and he also was able to sell drugs and they were worried about getting caught they mark these people's license plates to the cops and they go up behind running plays the older active investigations and you know doing something for the sheriff's department they will not they can get away with a lot of mostly like literally you know run into a person drunk or something but other than that they can get away with a lot of things. So. Thank goodness checked any of the civilian stalkers in the exact same way that the Peters performance to do controlled buys from drug dealers and the start of the surveillance in process to arrest them so you know when they're doing controlled buys in the setting of drug dealers and things are going surveillance on that person who is talking to where the drugs are coming from who is also a sweeter what cars to drive all the same things from the server after the news locally AT and quietly to start the criminal case against them the only charges inside in the informant is involved in that whole process is the same thing and stalking is the exact same thing so they're doing interesting stuff. On purpose normal surveillance will be totally secretive and you never know all but this is the opposite this is like a logical worker that the police nearly no authorized it to get individuals to break down and harm themselves to the suicide as he told me they like to honk their horns as car alarms anywhere you go to make you think to make you know they're they're and place headlights that through a lot and things like that just let you know to try and pick a few things. I've actually had more than one city culture the

trooper stick their arm out the window looked me right in the eye will driving by and go like this you know just with the hatred on their faces put me on anything. Let's see they use other first responders and all the tools law enforcement to go against you. And you know the TARDIS prying the later ways they do this is with you know anybody could be an old lady this person that person with 5 global clients all part of a network. This is for her asking for the surveillance tools are the same as if they use it to watch any target at a high level surveillance part of it if they wanted to be real sneaky and like like so they're looking for is the watches but. Terrorists the union point these same type of thing but in the end and the different way than harassment surveillance and following you and using the tools and being able to monitor your phone saying right and all these different things would be somewhere they truly think it's funny and like I said to my friend told me warned me because he liked me a lot you know we're good friends and former and you know this is still you know about a month maybe a month point 5 before he died and. He like many know wasn't fair and he was doing the survey also himself because he started out doing it to go against like files and then there's now a lot of times people get started when they're close with the sheriff's department don't don't like Hey this is kind of files of my own personal going against asking member that we don't want our community and local law and that's when he started you know so is there with the right intentions within his heart and you know he's are realizing how bad it really was but anyway stalk is already involved and he want to become a third and so. So. Because most people like to say and then it started with him it led into you know going to anyone will be as the list that the group had a problem with it in life or someone made complaints against. Or whatever please. The program is legal as intentions earlier. But if you look for all their own demonic purposes or hatred for people the surveillance network wants to harass okay. Why. They could put them on the list my body has sent a confidential informant agreement with the sheriff's department is that and also they had grievance never talk about the program or anyone involved in it he was that roughly one month maybe maybe some of the most but I think it is a month month point 5 miles after you told me this and from then until now. This report after the kill my children's animal slice of my car's steering wheel nice vandalize vehicles vandalize my house break in my house I mean all kinds of things. Let's see you know like I said you know go to watch a movie with my dark more movie theater in the break in my car and slash of the steering wheel of knives and I come out of the car and even though I know what's going on and it's not even a big deal to me because I honestly how much okay I'll be honest with you I've never had a problem street fighting and I'm not tell people twice my size very easily most of the people involved in this they really are ***** so like if you go to the gym and work out a little bit. On Tuesday you could not go 95 percent of these people very easily but the thing is they don't engage like that I'll tell you another tricky for me quickly too but let me go back to the spurs so I go to the movie theater I come all these lies during World nice and my daughter's car keys yeah you know so it wasn't fair to do that my daughter and this program was never intended for that these people away on the line and you know they feel that they're above the law because under this program they're actually allowed to break into people's cars to do certain things and they called the name of surveillance and stuff in there you know and they they're trying to be the person that was so helpful to the community and the needs of this type of surveillance in order just in case they can have but as long as you crap but anyways like I said I can stand toe to toe with any but the thing is is that if. I can stand toe to toe easily with any of these people but the thing is if I grab one on there actually taught taught if somebody gets violent with them they're taught to fall down and make sure

the rubber arms on the ground you know all faces something to get scratches and then call the police act like this person's being psychotic in the short cuts and wounds to get higher charges thrown down in the jail then they have to be allowed in the family things are crazy and then they can go work on the family like I said we'll psychologically I go to the families say Hey we're really worried about him is he hurt this person he's saying he didn't do it you know he thought more people surveilling him and stuff you know and that's all they come up with the lies and gets on the family to work against their own family members by doing this. One thing I forgot to mention also is that with their surveillance problem not only do they monitor your cell phone and turn that into a rolling blog anywhere you go over the month for your home also that's why when you talk about going somewhere the information is sent out for others who to already be there they they want to arrive before anything can but if they can they'll just come later all right and then I lost my cell phone number for the man I was really worried about this guy and so that's why I wrote that quick miss him but okay so we're gonna go over this again some of the notes on it Turner centrally working stalking is the origin of this is like I said is by the sheriff's department coordinated by all the rules and forms and different civilian people and stuff that the employee for these tactics. They with with through all those years. Warning this link and follow you from the state to state they can just call and tell the guys he hears what we like to do like because. So that one of those council come on. This actually is easy is they don't need your keys they can call a lot numbers we. Global blood guidelines then he can. Copyright number given to the individual legal on the kind of vehicle only got the number and all these I mean if you get in your car and all these things. Rassie the informant they have workplaces place for them so that you know if they were pulled over other people's on the plate and all that their investigation working for the sheriff's department pulled over so they can literally you know do all kinds of illegal things I'll give an example my neighbor girl her name is amber and she says the owner vehicle smokes meth and drinks like all day long constantly and she doesn't by Israel from my house and things and she knows they won't do anything to see the sheriff's department others another got bill a few houses away same thing hill into my house when I leave and do different things and he has a right to do that through these people they work through the program so amber's sister actually took me off the one time and told me that amber had put a camera for 2004 hours of animals in my household. Money and so she's got a camera watching directly across. You know something like that so she has that she drives around the public all the time now is yours obviously she's not supposed to be able to sell narcotics and you know all these things but she does and you know obviously they don't care nobody's gonna care you know if your kind of a prostitute for the sheriff's department alleged commit crimes to get away with things one thing to remember about shares the firm's law enforcement different things there's a lot of good causes a lot of their. You know they're actually talking they're beating somebody don't say quit resisting into the videos you can see some of the times that is justified and many times it isn't no cameras you can record a lot of these things but the other thing too is I go to the gym a lot I'm 45 years old grandpa and I can still put up almost 400. With anybody but at the gym a lot of people you know you can always get through the house okay I know this personally and so if you want to 0 as you can get into the house and using steroids well this is the only thing all of the United States there was only so they're okay to commit a felony using the steroids you know you see all the doors open up in different areas and when you're justified under these surveillance programs and you think you're doing a great job through community even though using phony steroids but the bad guys are these guys so you're gonna

do some techniques that are not only greater you don't write the illegal you know and that happens all the time so the people again over in these different people or by going to the gym you know there's just tons of people others got bills. The same thing those things and he'll damage holes in vehicle things when I leave any threatening areas these people close to their home you know this guy likes to bad mouth me through different people within like religious activities at church and things like that Melissa Lindsay language. They get a few blocks and then turn forms and then they coordinate with these other people and it is just really a mixture of individuals that many of them are selling drugs and committing crimes themselves but they kind of have the goal okay not written anything but they're not gonna get arrested because one their license plates tomorrow. It won't pull over but who you know they're not supposed to be doing these things but obviously when they're doing all the work for them they're allowed to do these things don't get stuck on that yet so amber cross street his sister told me put a video camera to watch 24/7 so she. Is valuable to them because you can be around me all the time thanks to live here delights is ians and offer money to other people's homes in this it works with different ways like spectrum stuff to they can go talk to homeowners. Camera love love our community you know use your house times we're doing this operation and such and that's that's real common. Women in your house listening devices in the whole works they have every capability to be able to do these things if you have an iPhone 1 thing to remember is the easiest way is you know they they can actually there's like different viruses and things and buy stuff I can go on your own through the network what is their physical access is best but if you reset on iTunes especially from like a larger computer anything else that does clean your computer are clean the phone just is good is brand new and starts back up but all your phones are identified sample knows when you go online use or use different things use who owns the phone goes into a certain website or whatever that number is not only just like his rest of the Intel that this iCloud account belongs to this person you know is number 5369 problem you know well a lot there's always a digital signature to all these things. But the best way like I said reset do a full factory reset of your phone on iTunes and that'll make it totally clean for a short time installation across it again. Let's see you know build a neighbor guys gone into my house broke things in my garage door openings and stuff and he's another drug addicts most we can actually turn him in because he was taking advantage of elderly mentally written mostly on this morning stealing tools and forcing him to. He was forcing him the guys give him payments 6 his own house in the news trying to get the guy to give him that hello so I mean we were talking thousands of dollars don't you turn him in and right away he was the guy that was told that I'd done that so they put him on the list you know as informants in as one of these people to come against me. He loves doing this and you know he's got other things to. Thrown weapons and things and and eggs and and brought in my car and stuff like that. They work with different walking he shops also peacemakers for entry into all your homes that come combination type items it also use whatever they can get into easily and say it's just you know when you buy a combination of something they always put calls on the state so all the. All the same manufacturer given that cold and then right away the human the combination open the safe safe any longer the same with the like I said the if they want to get in your car rescue they can have a key cut right then number and then your house of people can come off the glass in your house whatever their full access to this the shares you know claiming for the legal use things and that's what it's intended for but is misused by these people that think they're vocal longer really simplistic and causing problems to many people you know what you figure you know let's say you have

if you look up freemasonry police and freemasonry police badges and things on Google you'll see pictures of freemason police and they'll be like a master Mason from Chicago on the head of the maison board service a Luciferian doctrine they study the teachings of Albert Pike and everybody I've always known they wanted me to be amazing all of those guys read this weekend by a whole different Elser Crawley books and tons of stuff on Albert Pike in magic witchcraft and all these different things so you got to remember some of these individuals that are in law enforcement they're probably freemason and then they also lose the care and docks and you see him rituals and me sonic lives and you can go to all this stuff and I can give you full documentation from their own books okay and and. Then on top of that the Jacksons sells out there or so they think that your slave their master. And that's why when the beatings get out of hand sometimes I I don't. Credit that you know please use the running after something they've grown tired and grab that person they might run him up a little bit and anybody can do that I have no problem with that but when you see videos of them torturing and beating keeping allowing their resellers to rip in the people's name on them on purpose and stuff that's that's a whole different category so the demonic active actions of these individuals that are doing certain things loose for not completing and rituals and part of a fellowship of the budget is and then they also go and Jack himself up on steroids their their emotions and different things are are out of control in the region that's when they hurt people so it is free yeah. Okay so. This. Okay so the. Since the the. Thank you so. All these occurred in number the locksmith friends without the keel are let's see so. The thing is like if you drive to another state they just call ahead and then another state does their dirty work for them and they're all you know bodies and sickness in this whole deal so I thought about going to the gym and many people it's all lies slander my name to meet people at the gym. Lately and have people trying to talk to me that much I think that if I do talk to them I'm trying to hit on young girls room trying to I might be possible rapists or you know on the phone or things which are total lies say whatever you know if they know about the individual they're gonna tell them things that relate to that person being turned off by having communication with somebody else that's on the list and being targeted for the surveillance. One of the. Tell you like you know the funny thing is is like you gotta remember these people you know that are going to be a psychological study over playing in a gradual. And can you go to all this and see it on their own books. Reuters or violent groups please tell it is causing you to selling that that they were actually trained to say quit resisting while they are using somebody in brutalizing someone assaulting someone illegally and these people too that are falling around like is that if you go grab a question they're gonna do like on the NBA installed owns give their arms on the grounds that they can hopefully try and show some blood or something but they want to show more than just school he pushed me they don't want to disorderly conduct the one an assault with some damage so that you have to go to jail get bailed England families on the words that you're violence and watching you know and then they can work through that okay so everything's projected to have to cause as much chaos against you as they can. The like even even you know the cop the prosecuting attorney tells us what to say so when I go to court the prosecutor in museum tells them like a little profit what to say end up. For the best possible chance of winning the cases so even that's not true that's what they say and I'll give an example. If I punch myself in the face and was bleeding and wrote the blood over on your hand. One place on the league table throughout my book rather have my blood on it so on the grounds that help help he just assaulted me is trying to kill me. I'm sure you've got blood on your hands no he's full of crap and he won't run the blood on your bleeding. When

you go to court and lose even though you were innocent you're gonna lose so prosecutors going to come in and say Hey you know I see them you know what kind of graphic guys sideways you know so the story changes quite a. A lot of people that will be used in different things from the masons and Freemasons Satanists and different things when I go to turn this thing turn into the wrong office actually freemason doing sitting in a crucial and Luciferian doctrine in doing these things with a lot of higher level members obviously that person is going to be a blacklist and they're gonna trying doing absolutely nothing about this that they can I thought that it was a girl on a line that was a satanic ritual abuse and she was trying to get a story out there and they had started gaining stalking her and that's all the work you know so if you want to come again 7 things you know this these are things you have to deal with and like I said even if the highest man of the land trump decided to take a look at this right with somebody very high should the consummate cover their tracks and come up with informants that are going to lie and slander you and put you in a position where the cops. Are like Hey we listened to it we have a confidential informant. By the way since we've used many times and he said that this person is a violent game and he said that this person is a violent rapist he said this person might have ties to the terrorist network that's why we're investing in surveilling. Tracks. With the sheriff's department coordinating the systematic 24/7 surveillance blocking you from city to city and state and state already. On. It is really easy as phone number to another police department of computer networks and things so. Where they want. Other countries do the same thing also. The illegal things of the gang stalkers have done to me personally and we're supposed to be able to surveil you psychologically keeping confined in control but they're not supposed to do illegal things. Once was for using illegal narcotics and drugs and doing things themselves what they do. Taking into my home you know I've had a document coming home they let animals all running around my house. Things about those funny and many different things like that lots of you know. Why do people say that I'm a felon slander me and totally completely lie even saying that as a child molester people. Waiting in my car slashing the steering wheel the amazing that he's slashing tires I think I've had. This is really going on for awhile now but I mean probably I think 5 or 6. At least is somewhere around that is at least 5 okay tires actually stabbed and slashed and like I said the vehicle the breaking the vehicles because the steering wheel nice you know your parties cars somewhere not only do they drain the battery but they will actually drain the battery completely dies the battery terminals often pulling backwards you know that is not possible that we can better than that because obviously the battery cables. Off and then back up I've had razor blades in my shoes going to push you on Olsen field something pulled up overnight that razor blades my shoes that's happened 3 times I'll go ask my dryer somebody took a bunch of light poles and I got a load of clothes in the dryer and while I was gone they were in my house went into the dryer and the broken glass in line with my clothes and stuff and constantly breaking things of mine too you know within the house outside the house in my garage I would leave the garage in the middle I can drive into the garage things in the ground breaking phones either surveillance cameras they would break those cameras and the worst thing that's happened to me. Yes I was downtown and does a lot of times where I park in a parking ramp and I go around town and stuff like over in the parking ramp and you know if they know your movements and things are going to park in the program console and all the sudden of brick came off the parking ramp in it almost hit me in the head it would kill me it landed probably maybe 2 feet from my head full brick was thrown at me I had actually ran over that ramp in Iran up those stairs and I was going to destroy the person

through the brick at my head I mean that's when I was actually targeted to be hurt bad or kill it nearly hit my head as well this far away so I ran up the. These guys I think they're **** and you know I go to the gym I work out I can street fight really well I follow Christ known I want you to know that that's another comfort to is a lot of people aren't going to and that's not your thing but I want you to know that there is something for me and it's comforting to because you can see the evil of these people that demonic activities that they're doing when you're into the scriptures and stuff because everything opposite of good you know they're really trying to systematically break you don't isolate you destroy your finances destroy you they don't give a **** about your children or anybody else okay they want you in the end in my body was messed with dead after telling this month point 5 later he told me to he said that was the ultimate goal and the thing is that they would actually have parties and he said you know one of them you went to when they celebrated but anyways he told me you know they would party can get together and everybody would high 5 in the deal happy that somebody has taken her own life in and they just you know stay on that list and same things according to the demonic activity within the hearts of the people that are within this program you know like I said sometimes I don't really think this is good but then they feel above the law in the evils in there doing very evil hateful wicked things against people to try and destroy them you know whether it be their minds as a social worker different ways of them so you know that's the sad thing about it and even those people who they know that they never want to be on the list so that's why you have a hard time having anybody come forward so I feel very blessed that my friend Josh it's only those things I miss dearly you know things easier mind getting involved with like maybe a church group or something even if that's not your thing. They will talk to the teachers and bad mouth you into all kinds of lies to get people in the church to to because of you but the thing is we can't get to everybody and if your own people and you're listening to some of the viral stuff like that is really good and if you really need to I would ask you to listen to an audio Bible over the New Testament and you'd be surprised and change your life and you can give me a little bit of comfort because you're going through hell in the tools are using our demonic and in a lot of these guys. Tools. And like I said all you have to do is Google freemasonry overpriced because they're big hero guy and his books and those. Practices and rituals it's a real I used to tell me a call that's going to these guys I was you know when I had problems before too I remember I do like Josh himself when we hang out a lot of stuff too but I was down in the calls and when I was asked to be amazing you know they were really excited when I didn't want to be but when we talk about these things before and and you know they were excellent blood rituals and different things with with him you know rabbits are different animals in the withdrawals and things and actually but this is the specifics of this in gang stalking is is the exact same type of thing they do the survey also many high level drug dealer terror suspect you know this and that or they surveil somebody that is this fact that the husband might kill the wife but they have to get proof of that and also managing the phone mails following constantly where they're going to be S. locations in translating everything using different algorithms to come against these people the same thing but this way they're using the exact same tools that are available through law enforcement in a perverted waiting for rescue to try to isolate you manipulate you and your movements and then ultimately it a lot of people commit suicide from this so it's a very sick sickening and a lot of individuals involved in our sick individuals themselves and even if they start out with the right intentions being around those that the circles they started becomes the clothes themselves so anyways I hope this is helpful if you have any questions is this video you know my heart was moved

because like I said I watch the videos got it really bothered him so I left him a long message even my phone number to contact me because he's going through this so I hope you find some comfort in it'll fill in areas that he's been suspecting already and once you realize that it's a coordinated out for government funded and run by the sheriff's department and it's almost exactly as the same surveillance tools techniques sting rays. You know and different tools that they use to monitor follow people that are suspected of illegal activity they're using this us billions you know and these cops you just like. And romances. The exact same thing these guys actually signed agreements in this confidential informant agreements and things and they'll actually have you know know that Hey you can never talk. The other people involved or you could get on that list. So anyways I hope this is helpful to many of you and I didn't realize this was going to get this long it seems like every time I do a video he gets longer than intended but I'm you know a victim of the same thing right now in dealing with this myself he for me is because of my love for Jesus Christ also and I probably pretty can proclaim the gospel every my. And I love people and I identify vehicles. You can show people the satanic ritual. Some of these different things to do that these are my dogs in the house isn't quite so far but anyways I'm gonna get going to get a chance to my other videos on. You're not alone and I think we should start to grow so it. My dog is pushing the camera I think we should. Start a group. I think we should start a group really so other people don't feel isolated and alone because it's not there and like I said whatever perverted ways I think we can justify doing this there are certain ways to do things in the intentions of why that program even originated and now it's perverted and when they're going illegal Rollins and doing things that are easy legal against you this is a long course in actually doing that so that's not right and that has to stop but anyways you guys take care of all of the cameras that now but hopefully they can get off to myself.

Censored Ideas

What you cannot actually say anywhere, anyplace, anytime ...

Scott
Barry

The Some Tard Stenography Session is here to explain ...

Censored Ideas DOI : 10.8841/8841

The Big Picture, The Censored Idea ... Is that the Jewish Crime Network of Jewish Supremacists run the World ... And the entire World Economy ... Is that Jewish Supremacists of the 1% of the Despots Have 6 Passports and are all Country Clubbers ... They're all Jewish and you cannot eat at their Country Clubs it's a Jew only Country Club ... They serve Matzo Balls and Shostakovitch ... And

that the 6 Million Holocaust was a Hoax ... And that when you die, you're just a Psychic Ghost a human-like form human-like figure that's Psychic and Telepathic, also known as a Psychic Telepathic Ghost, that's what happens when you die, that Martians Started the God Myth ... That Martians started Organized Religion to Control Mankind ... And that Martians have divided Mankind through Organized Religion and God ... And that God isn't real and when you die, you're actually just a Psychic Ghost ... That the Freemasons are 95% of the Government and 95% of the Government is Freemasonry and Religious Cults ... That the Mossad are the Real Terrorists that blow up buildings ... That the Jewish Crime Network consists of the ADL, The Southern Poverty Law Center, The Mossad, and Communism ... That Karl Marx was a Jew who was Circumcised by a Rabbi ... That uh the whole thing the Logos Principle of True Capitalism no longer exists it only existed in the Roman Empire ... That the Deforestation of the planet has substantially decreased the Oxygen Saturation of the Earth ... That Masks and Vaccines are a Scam and a PSYOP / Propaganda ... That COVID 19 is a Hoax and the Covid Vaccine does not work and the PCR Test is Bogus ... That Psychiatry was started by Jews and Communist Marxist Jews and that Jewish Communism has killed far more than the Fake Holocaust that never happened ... That 100 Million Russians Died in the Name of Jewish Communism and Jewish Psychiatric Reprisal ... That it's Zionism it's the Israel thing, they stole Palestine ... They're bombing the Gaza Strip and the West Bank and the rest of the Sheeple say Israel has the right to defend itself ... And we know that to be bullshit ... We know that to be not true ... You got all the Search Engines you have DuckDuckGo and Google Censoring Everything Else Yandex allowing it Yandex being the only search engine that allows certain websites ... That allows the indexing of certain websites ... Because Russia has less Jewish Supremacy than Europe and America ... Russia had the Spies they stole the Trade Secrets ... They stole all the Trade Secrets from the Israeli and American based Governments ... They stole the patents from the Israeli and American based Governments ... Russia is actually our friend ... Whilst Israel is our enemy ... That Israel is not our Ally, that Benjamin Netanyahu is simply a Real Estate Agent who wants to steal more land ... That the first way to take over our property is the rewriting of our History Books and Real Estate Agents ... Real Estate Agents who build 2003 Lots over where People have previously died ... They

build brand new 2003 Lots over where People have previously lived and died ... Rewrote our History Books, rewrote our history, destroyed all the Microfiches, burned all the Fucking Microfiches, and erased everything ... That is the Censored Idea ... That there are a bunch of Jewish Supremacists and Zionists running The World and the Entire World Economy ... And whenever you point them out you're censored ... You're removed from the Internet, you're scrubbed off the Search Engines, you can't have a website ... You have to go to Yandex, the only place your website is on is Yandex, Yandex Spandex ... This is the Censored Idea ... The censored idea is that what actually happens, what's the real truth, you read Hitler's War by David Irving it paints Hitler in another light, it says that Hitler helped build an economy by assembling roads and infrastructure ... Imagine how much trouble you would get into saying that through a Self Publisher such as Lulu or Blurb ... You'd have to start your own publisher to say that ... It's just so weird it's like you can get away with a lot if you just have your own publisher like David Duke, David Irving, and Ryan Dawson, Censorship is bad ... It just sucks you know ... Because you really have to go to Yandex Dot Com just to find what you're looking for to get to #flushyourmeds , Sometimes ... And Sometimes it's even worse you have to go to Multiple Search Engines to find what you're looking for ... I literally just have this one thing I wanna try getting on to the Internet and that's when you die you're a Psychic Ghost, and that Ghosts are Human-like form, and they have genitals and stuff, they have a Penis or a Vagina, and they're Psychic they know everything about us, they know when we're gonna die and stuff, but I know look at all the New Agers look at the Bull Shit They're spewing out ... That Eastern Establishment Crap ... That Fake Kundalini Crap ... Isn't that worse, Isn't that like more retarded than anything??? ... I mean like how more ridiculous do you have to be??? ... Obviously we know that 95% of the Government is Freemasonry and Religious Cults ... Freemasonry is simply Jewish Kabbalah ... Cabal means Kabbalah ... Cabal and Kabbalah mean the same thing ... When you think of Organized Crime, don't think of Spaghetti and Meatballs, think of Shostakovitch and Matzo Balls ... Exactly, because those are the Real Criminals it's Murder Inc of the KIKES ... You should call them by their real race which is K-I-K-E-S ... It's the Jewish Supremacists, it's the Jewish Crime Network, it's the Zionist Martian Jews that run the World, that run the World Economy,

They're Country Clubbers, They have more than Six Passports ... I mean even the President every president we've ever had was in fact a Zionist Jew ... It's all true and they're all Jews, they're all part of the Jewish Crime Network ... People cannot wake up out of their sleep and realize what the censored idea is ... I think we're screwed though ... Because we can't just scourge away and think for ourselves about the Jewish Crime Network ... It's the Censored Idea ... It's the Censored Thing that you can't talk about anywhere on the Internet and like they'll shut down your website ... A lot of Domain Name Registrars will shut you down except for maybe Network Solutions LLC ... It's the thing you know because like there's only a few places where you can actually put up your website ... Just to Expose Them ... If you're on a Terrorist Watch-list, if you're on a Known Suspected Terrorist Watch-list, if you're on a Patriot Act / FISA 702 Watch-list ... Remote Viewing is the Telepathic Tool they use to see what you're doing, saying, and thinking, that's how you're being stalked, and it's Jews, it's not the Germans it's the Jews, The Jews are the ones fucking controlling you ... Controlled Remote Viewing CRV is used to do all the Gang Stalking ... The Gang Stalkers are a Bunch of Jewish Supremacists, Zionists, and Liberals, and Antifa, and SJWs, and LGBTQ People, okay that's what it is, Controlled Remote Viewing CRV is used to do all the Gang Stalking, there is not much tech involved in this at a practical level ... CRV Controlled Remote Viewing is how they do the Time Synchronous Drive Bys at Intersections and The Elite use the Pine Cone Pineal Gland Symbol (Pope Walking Staff at Vatican) as a tool of Superiority as the Pineal Gland enables Telepathy in Animals ... The Martians, Homo-Capensis, Jews, and others keep us all under them and in line, hindering all societal progress, suppressing cures for cancer such as water only fasting, our so called imaginary rights are a carefully crafted illusion and Martians run Earth ... The Act of 1871 was when congress committed treason and sold USA off to a 10x10 parcel of land known as the District of Columbia and King James re-wrote the bible and continued slavery of all Americans ... Your so-called freedoms are an illusion, George Washington was actually just a politician and the founding fathers were frauds who all committed treason, the Holocaust Never Happened and 9/11 and the USS Liberty and the Oklahoma City Bombing were all Mossad Israel Operations and 2 Mossad Agents blew up the Oklahoma City Building Derp ... The AIX version of Unix is So Primitive it works good as a Disk Copier ...

But for now my Disk Copier is Slitaz in tty1 as it has a root:root login w tux ...

I also really like DragonflyBSD as it is better than Systemd Scientific Linux ...

But for Now I will use Slitaz Linux as a Primitive Shell Command Function ...

Calculate Linux can be used as a Primitive Shell if you log out and go to tty1 ...

Gang Stalking - Scott Barry / Olympiad / WA

Remote Viewing is the telepathic tool to see what your doing, saying, and thinking. Controlled Remote Viewing (CRV) is used to do all the gang stalking. There is not much "tech" involved in this at a practical level.

"Gang Stalking" is law enforcement engaging in counter-intelligence activities on civilians. In other words "Gang Stalking" is the slang term used to describe being subjected to global government surveillance and unlawful monitoring.

People think government surveillance is something that goes on without the target being aware but that is not correct. Surveillance is magnitudes more effective when it is conspicuous and the target is repeatedly reminded that they are being monitored. Agents do it in ways that only the target will notice, and which nobody would believe. It can neutralize anyone.

Gang Stalking Definition :

Gang Stalking is a systemic form of control, which seeks to destroy every aspect of a Targeted Individuals life. Once a target is flagged, their information is sent out to the community at large, and they are followed around 24/7 by the various communities that they are in. A covert investigation might also be opened, and electronic means used by the civilian spies/snitches as part of the overt and covert monitoring and surveillance process. The citizen informants can be parts of these community oriented policing programs, but are often just average citizens. Everyone in the targets life is contacted, advised as to why the individual has been flagged, advised not to discuss the flagging and asked to be a part of the ongoing, never ending monitoring (systemic harassment) process. This process is covertly designed to destroy the target over time, leaving them with no form of support. Gang Stalking is experienced by the Targeted Individual as psychological attack, that is capable of immobilizing and destroying them over time. The covert methods used to harass, persecute, and falsely defame the targets often leave no evidence to incriminate the civilian spies. It's similar to workplace mobbing, but takes place outside in the community. It called Gang Stalking, because groups of organized community members stalk and monitor the targets 24/7.

Remote viewing is the telepathic tool "they" use to see what your doing, saying and thinking. Controlled remote viewing (CRV) is used to do all the gang stalking. There is not much "tech" involved in this at a practical level. CRV is how they do the timed synchronous drive-byes at intersections, etc.... The "all seeing eye" symbol on top of pyramid is a celebration of the elite using telepathy to keep us under them in line. The "pinecones" as seen on pope walking staff and in Vatican is celebration of pineal gland, which is what enables telepathy in humans and animals. The propaganda they use to misguide all of us TIs in these fake TI videos is RNM, synthetic telepathy, smart dust and that kind of BS. They want us to be followers of "Jesus" so we will be a army of impoverished TIs completely brainwashed into following whatever BS they want us to do.

Telepathy is used to do some of the Gang Stalking, the rest of it is done by useful idiots, patents mentioned by the fake TI community are often outdated ... What does the Telepathic Network know that the Ignorant Masses or useful idiots do not know? The toppling of the Saddam Hussein Statue was a Staged PSYOP, The Mossad did the September 11th, 2001 Attacks, and Rabbis Celebrated. The Mossad crashed Boeing Flight 757 and did the London Bus Bombings as well as the (OKC) Oklahoma City Bombings. Zionists control all of the Press, Media, Finance, Banking, and Governments. Communism has Jewish roots and Jewish origins, Karl Marx was a Jew and had Jewish Parents, so was Joseph Stalin. Distilled Water cures cancer on a water only fast, and it is proven that other water with a higher (TDS) Total Dissolved Solid count as well as Fluoridated Water Decreases IQ Scores in Black Males as well. Communism killed 100+ Million, whilst there is hardly any evidence for the Holocaust, plus questioning it in some countries can get you deported, arrested, killed, Now why is that, why are we so backwards ...

25 GOOD REASONS WHY PSYCHIATRY MUST BE ABOLISHED

by Don Weitz

- 1. Because psychiatrists frequently cause harm, permanent disabilities, death - death of the body-mind-spirit.**
- 2. Because psychiatrists frequently violate the Hippocratic Oath which orders all physicians "First Do No Harm."**
- 3. Because psychiatrists patronize and disempower people, especially their patients.**
- 4. Because psychiatry is not a medical science.**
- 5. Because psychiatry is quackery, a pseudo-science which lacks independent diagnostic tests, testable hypotheses, and cures for "schizophrenia" and all other types of alleged "mental illness" or "mental disorder".**
- 6. Because psychiatrists can not accurately and reliably predict dangerousness, violence, or any other type of human behaviour, yet make such claims as "expert witnesses", and with the media promote the "dangerous mental patient" myth/stereotype.**
- 7. Because psychiatrists have caused a worldwide epidemic of brain damage by promoting and prescribing brain-disabling treatments such as the neuroleptics, antidepressants, electroconvulsive brainwashing (electroshock), and psychosurgery (lobotomy).**
- 8. Because psychiatrists manufacture hundreds of "mental disorders" classified in its bible called "Diagnostic and Statistical Manual of Mental Disorders" (a modern witch-hunting manual); such "mental disorders" and "symptoms" are in fact negative, class-and-culturally-biased moral judgments for dissident ways of coping with personal problems and alternative ways of perceiving, interpreting or being in the world.**
- 9. Because psychiatrists, blinded by their medical model bias, fraudulently pathologize and label people's serious life or existential crises as "symptoms" of "mental illness" or "mental disorder" such as "schizophrenia", "bipolar affective disorder", and "personality disorder".**
- 10. Because psychiatrists compound this fraud by falsely claiming, without scientific proof, that these "mental disorders" are caused by a "biochemical**

imbalance" in the brain, genetic factors or "genetic predispositions", despite the fact that there are no genetic factors in "mental illness".

11. Because psychiatrists frequently misinform their patients, families and the public by claiming that brain-disabling procedures such as the neurotoxins (e.g., "antipsychotic medication" and "antidepressants"), electroconvulsive brainwashing (electroconvulsive therapy/"ECT"), psychosurgery (lobotomy) and other behaviour modification-mind control procedures are "safe, effective and lifesaving". The exact opposite is tragically true.

12. Because psychiatrists routinely deceive or lie to patients, prisoners, their families, and the public.

13. Because psychiatrists routinely and willfully violate the medical-ethical principle of "informed consent" by misinforming or not informing their patients about the numerous toxic, disabling and frequently permanent effects of the neuroleptics such as memory loss, tardive dyskinesia, tardive psychosis, parkinsonism, dementia (all signs of brain damage), and death.

14. Because psychiatrists routinely threaten, intimidate or coerce many patients - particularly women, children, the elderly, and prisoners - into consenting to health-threatening/brain-damaging "treatment" such as the antidepressants, neuroleptics, electroconvulsive brainwashing, and hi-risk experiments.

15. Because psychiatrists frequently fail to fully inform psychiatric inmates and prisoners about existing safe and humane, non-medical alternatives in the community such as survivor-controlled crisis centres, drop-ins, self-help or advocacy groups, diet, massage, wholistic medicine, affordable supportive housing, and jobs.

16. Because psychiatrists are sexist in frequently stereotyping women in crisis as "hysterical" or "over-emotional", blaming women whenever they voice real complaints and assertively express their feelings and emotions, prescribing massive doses of tranquilizers and antidepressants to disproportionately large numbers of women, and in sexually assaulting women in their offices and institutions.

17. Because psychiatrists, particularly white male psychiatrists, are homophobic - the American Psychiatric Association (APA) once labelled homosexuality as a "mental illness" or "mental disorder" - and have used forced electroshock on lesbians, trying to coerce them into adopting a heterosexual life style.

18. Because psychiatrists are ageist in prescribing tranquilizers, antidepressants ("medication") and electroconvulsive brainwashing for disproportionately large numbers of elderly people - a form of elder abuse.

19. Because psychiatrists are racist in disproportionately incarcerating and drugging people of African descent, aboriginal people, other people of colour and labelling them "psychotic" or "schizophrenic".

20. Because psychiatrists routinely violate people's civil rights, human rights and constitutional rights such as imprisoning innocent people without court trial or public hearing ("involuntary commitment"), and subjecting them to cruel and unusual punishments or tortures such as forced drugging, electroconvulsive brainwashing, psychosurgery, solitary confinement, "chemical restraints", and 4-point or 5-point restraints.

21. Because psychiatrists masterminded the mass murder of hundreds of thousands of vulnerable people including disabled children, the elderly and psychiatric patients during The Holocaust in Nazi Germany, and "selected" hundreds of thousands of concentration camp prisoners for death ("T-4 euthanasia" program) - historical facts still missing in psychiatric textbooks and histories.

22. Because psychiatrists have willingly participated in and administered mind-control experiments in the United States and Canada since the early 1950s - its chief targets have been poor patients, women, dissidents and prisoners.

23. Because psychiatry, particularly institutional-biological psychiatry, is based on the 3 Fs: Fear, Fraud, and Force.

24. Because psychiatry is a form of social control or punishment - not treatment.

25. Because psychiatry, particularly institutional-biological psychiatry, is fascist - a direct threat to democracy, human rights and life.

I have come to the conclusion that everything we are basically taught from childhood in History Class to Death is Basically Propaganda and a Lie, We are living in a fake world, Martians Destroyed this Planet, Zionism Destroyed The Environment, It is all done by the Mossad ... What is taught in History Class about George Washington is all watered down info ... They are all ruling elites genetically related to The William of Orange and the Royalty of Egypt ... The Act of 1871 made USA a Corporation and Cestui Que Vie of 1666 AD Makes us Slaves ... The USA is a Corporation owned by a 10 by 10 Parcel of Land (The District of Columbia) ... Rights are imaginary, George Carlin said it (Japanese Internment Camps/There's Your Rights) ... George Washington was not the hero you thought he was and 95% of Government is Freemason. 95% of Government all wear compass and square rings and are part of religious cults period ... I drive by those cars that have compass and square (Freemason) I always see cops next to it ... They block all those black houses near grave yard sites and only church services can visit ... There is a Secret Underground World Society and a Secret Government, what's even more screwy is way back in the 70's they have been using through wall technology on every American. The through wall technology is undetectable, not even a shortwave radio will detect it ... For George Washington, he is just another Freemason, William of Orange Elite, and Politician, Everything we are taught is a lie, 911 was done by the Mossad, OKC was a Mossad Operation ... Israel is the real problem, not China, The constitution is for the District of Columbia, it is all a lie. I am the only person who heard an external voice say we become psychic ghosts when we die. I am the only person who read Kyle Odom's Manifesto realizing Martians started the God Myth and are the ones destroying this planet, The 12 Alien Races are Sexual Deviant Freaks Period ... It's like there is only a select set of people that realize our brains become super computers when we die and that we utilize telepathy to our fullest after we die and everything taught is Propaganda. I have astral projected and no where in those dementations was there any Eugenics Plastic or CPU. We came up with GMO, Soy, Gluten, Wheat, Refined Sugars, Plastic, Table Salt. <https://odysee.com/@invalid0:d/The-enemy-of-my-enemy-is-my-friend:0> <https://lbry.tv/@invalid0:d/The-enemy-of-my-enemy-is-my-friend:0> <https://rumble.com/v68c3-enemy-of-my-enemy-is-my-friend.html> <https://www.bitchute.com/video/UNTknji8bbEJ/> Minds*com > The enemy of my enemy is my friend <https://archive.org/details/the-enemy-of-my-enemy-is-my-friend> YouTube*com > The enemy of my enemy is my friend Tribal Societies mostly had Coconut and Fish, until we gave them salt, sugar, and flour. Then they lost their teeth and their teeth fell out, they used to live to be about 140 years old ... The Cestui Que Vie Bondage System of 1666 AD requires mandatory birth certificates at Hospitals. This kind of slavery is what made us the society we are today, the only reason why we go to Public School is because we were birthed in a hospital with a Birth Certificate ... The real Mafia of Organized Crime is the Mossad and Israel, They are the real human traffickers, Martians (The 12 Alien Races) use wild humans as Sex Slaves for Human Trafficking, Peer2Peer means Pedo2Pedo and whenever you post that into YouTube your comment gets deleted, Wonder Why? Zionists and Mossad and ADL and SPLC control all the press and everything we look at raping our brains with Propaganda, Bullshit, Nonsense, Hearsay, and other kinds of useless information, it takes a mac address such as f4f4f4f4f4f4 to get around their stupid smart routers and gain access to free internet. They want us paying for an ISP, yet Time Warner Cable a Zionist Owned Business cannot even patch a simple attack such as spoofing the Mac Address to f4f4f4f4f4f4 ... The real censors are the ADL and SPLC, The Israeli Leadership is a Tyrant and the members are actual Martians who came here from another neighboring planet, They Started with the God Myth, then that didn't work, so they came up

with modern Progressive Liberalism, and the two party system, all the fake presidents and politicians are related genetically to The William of Orange and The Royalty of Ancient Egypt ...

**A question to Psychiatrists regarding

**How come so many Schizophrenics I've met
in Mental Hospitals repeat the same
information aka The Kyle Odom Manifesto
rhetoric?**

That Martians started the God Myth.

That Zionist Jews control the Press.

- 1. Because psychiatrists frequently cause harm, permanent disabilities, death - death of the body-mind-spirit.**
- 2. Because psychiatrists frequently violate the Hippocratic Oath which orders all physicians "First Do No Harm."**
- 3. Because psychiatrists patronize and disempower people, especially their patients.**
- 4. Because psychiatry is not a medical science.**
- 5. Because psychiatry is quackery, a pseudo-science which lacks independent diagnostic tests, testable hypotheses, and cures for "schizophrenia" and all other types of alleged "mental illness" or "mental disorder".**
- 6. Because psychiatrists can not accurately and reliably predict dangerousness, violence, or any other type of human behaviour, yet make such claims as "expert witnesses", and with the media promote the "dangerous mental patient" myth/stereotype.**
- 7. Because psychiatrists have caused a worldwide epidemic of brain damage by promoting and prescribing brain-disabling treatments such as the neuroleptics, antidepressants, electroconvulsive brainwashing (electroshock), and psychosurgery (lobotomy).**
- 8. Because psychiatrists manufacture hundreds of "mental disorders" classified in its bible called "Diagnostic and Statistical Manual of Mental Disorders" (a modern witch-hunting manual); such "mental disorders" and "symptoms" are in fact negative, class-and-culturally-biased moral judgments for dissident ways of coping with personal problems and alternative ways of perceiving, interpreting or being in the world.**
- 9. Because psychiatrists, blinded by their medical model bias, fraudulently pathologize and label people's serious life or existential crises as "symptoms" of "mental illness" or "mental disorder" such as "schizophrenia", "bipolar affective disorder", and "personality disorder".**
- 10. Because psychiatrists compound this fraud by falsely claiming, without scientific proof, that these "mental disorders" are caused by a "biochemical**

imbalance" in the brain, genetic factors or "genetic predispositions", despite the fact that there are no genetic factors in "mental illness".

11. Because psychiatrists frequently misinform their patients, families and the public by claiming that brain-disabling procedures such as the neurotoxins (e.g., "antipsychotic medication" and "antidepressants"), electroconvulsive brainwashing (electroconvulsive therapy/"ECT"), psychosurgery (lobotomy) and other behaviour modification-mind control procedures are "safe, effective and lifesaving". The exact opposite is tragically true.

12. Because psychiatrists routinely deceive or lie to patients, prisoners, their families, and the public.

13. Because psychiatrists routinely and willfully violate the medical-ethical principle of "informed consent" by misinforming or not informing their patients about the numerous toxic, disabling and frequently permanent effects of the neuroleptics such as memory loss, tardive dyskinesia, tardive psychosis, parkinsonism, dementia (all signs of brain damage), and death.

14. Because psychiatrists routinely threaten, intimidate or coerce many patients - particularly women, children, the elderly, and prisoners - into consenting to health-threatening/brain-damaging "treatment" such as the antidepressants, neuroleptics, electroconvulsive brainwashing, and hi-risk experiments.

15. Because psychiatrists frequently fail to fully inform psychiatric inmates and prisoners about existing safe and humane, non-medical alternatives in the community such as survivor-controlled crisis centres, drop-ins, self-help or advocacy groups, diet, massage, wholistic medicine, affordable supportive housing, and jobs.

16. Because psychiatrists are sexist in frequently stereotyping women in crisis as "hysterical" or "over-emotional", blaming women whenever they voice real complaints and assertively express their feelings and emotions, prescribing massive doses of tranquilizers and antidepressants to disproportionately large numbers of women, and in sexually assaulting women in their offices and institutions.

17. Because psychiatrists, particularly white male psychiatrists, are homophobic - the American Psychiatric Association (APA) once labelled homosexuality as a "mental illness" or "mental disorder" - and have used forced electroshock on lesbians, trying to coerce them into adopting a heterosexual life style.

18. Because psychiatrists are ageist in prescribing tranquilizers, antidepressants ("medication") and electroconvulsive brainwashing for disproportionately large numbers of elderly people - a form of elder abuse.

19. Because psychiatrists are racist in disproportionately incarcerating and drugging people of African descent, aboriginal people, other people of colour and labelling them "psychotic" or "schizophrenic".

20. Because psychiatrists routinely violate people's civil rights, human rights and constitutional rights such as imprisoning innocent people without court trial or public hearing ("involuntary commitment"), and subjecting them to cruel and unusual punishments or tortures such as forced drugging, electroconvulsive brainwashing, psychosurgery, solitary confinement, "chemical restraints", and 4-point or 5-point restraints.

21. Because psychiatrists masterminded the mass murder of hundreds of thousands of vulnerable people including disabled children, the elderly and psychiatric patients during The Holocaust in Nazi Germany, and "selected" hundreds of thousands of concentration camp prisoners for death ("T-4 euthanasia" program) - historical facts still missing in psychiatric textbooks and histories.

22. Because psychiatrists have willingly participated in and administered mind-control experiments in the United States and Canada since the early 1950s - its chief targets have been poor patients, women, dissidents and prisoners.

23. Because psychiatry, particularly institutional-biological psychiatry, is based on the 3 Fs: Fear, Fraud, and Force.

24. Because psychiatry is a form of social control or punishment - not treatment.

25. Because psychiatry, particularly institutional-biological psychiatry, is fascist - a direct threat to democracy, human rights and life.

Telepathy is used to do some of the Gang Stalking, the rest of it is done by useful idiots, patents mentioned by the fake TI community are often outdated ... What does the Telepathic Network know that the Ignorant Masses or useful idiots do not know? The of the Saddam Hussein Statue Toppling was a a Staged PSYOP, The Mossad did the September 11th, 2001 Attacks, and Rabbis Celebrated. The Mossad crashed Boeing Flight 757 and did the London Bus Bombings as well as the (OKC) Oklahoma City Bombings. Zionists control all of the Press, Media, Finance, Banking, and Governments. Communism has Jewish roots and Jewish origins, Karl Marx was a Jew and had Jewish Parents, so was Joseph Stalin. Distilled Water cures cancer on a water only fast, and it is proven that other water with a higher (TDS) Total Dissolvable Solid count as well as Fluoridated Water Decreases IQ Scores in Black Males as well. Communism killed 100+ Million, whilst there is hardly any evidence for the Holocaust, plus questioning it in some countries can get you deported, arrested, killed, Now why is that, why are we so backwards ...
